Destination Guide

Travelling To & From

Airport Procedures - Be sure to check in for your flights about 12-24 hours prior to travel through the online app or website.

Arrival Procedures - When you arrive in Vegas, be sure to locate the proper baggage claim area for your flight as LAS is a large international airport.

Getting Around

Transfers - A limo or other special transfer arrangements can be made by your travel agent. If you elected to have a transfer take you from the airport to your hotel, locate your driver who most likely has your name on a sign near the designated pick-up area at the airport.

Cabs - If you prefer to book a cab through Uber or Lyft, there are dedicated pick-up spots in each terminal. If not, there is taxi service located in each terminal as well. For help locating a taxi, airport personnel can direct you.

Rental Cars - Car rental is contingent on availability. It's a great idea to book a rental in advance as Vegas is always at peak. There are ten car rental companies located inside the airport's center, so you may book through one of them if you'd like to drive from the airport. Your travel agent can help you with further details.

Walking Around - Around your hotel and along the Vegas strip, you'll find shopping, restaurants, casinos, bars, and more. Before committing to long walks around Vegas, do keep in mind the desert climate and that there are very few benches along the way. Always keep your limits in mind for your comfort and safety.

Currency

Cash - It's a good idea to keep some cash on hand for emergencies, tipping, and casinos. Avoid carrying big bills or too large of amounts.

Credit - Call your card company and banks before you travel to advise them of your travel dates and destinations. Many credit card partners are helpful in getting excellent deals on dining, lodging, entertainment, and more in Vegas, so be sure to check how you can save with your credit card company prior to travel.

Lodging

Hotels - Keep in mind that Vegas hotels charge a standard daily rate per room that can range from \$30-\$50. Be sure to keep a business card for the hotel on you at all times so you'll have the address handy.

Packing

Clothing - While you may be ready for fun in the sun, don't forget to pack sensible footwear. Vegas is a subtropical desert climate, so pack accordingly for mild winters and sweltering, dry days in the summer that can average at over 100°. Make sure to leave room in your suitcase for all the Vegas shopping!

Accessories - Bring along sunscreen, reusable water bottles, hats, sunglasses. Booking activities in advance with your travel agent is a good way to know exactly what to prepare for. Take advantage of your hotel room's safe for valuable accessories.

Healthy & Safety

Sun - While it's easy to forget in such a bustling city, always remember that Vegas is in the desert. Protect your skin with plenty of sunscreen, wear a hat for sensitive scalps, and get some breaks in the shade in between sunny walks down the strip.

Water - Dehydration is easy with the dry air, hot sun, and optional alcohol consumption. Be sure to drink plenty of water and electrolytes to avoid headaches, nausea, faintness, and other dehydration symptoms.
